

Facilitator Details and ClinConnect

1. What is ClinConnect?

ClinConnect is a NSW Health state-wide secure database which is used for managing clinical placements within NSW Health. Authorised staff employed by Educational Institution and NSW Health receive access to ClinConnect to request and manage student placements.

2. Facilitators and ClinConnect

Facilitators (or student supervisors) employed by the Educational Institution and who will be supervising student placements in NSW Health facilities, must have their details entered into ClinConnect. The reason for this is to record compliance with the NSW Health mandatory requirements for police checks, working with children's checks and vaccinations. The Educational Institution is responsible for entering Facilitator details into ClinConnect ready for a compliance assessment by NSW Health.

3. Who can view my details in ClinConnect?

ClinConnect is a secure database. Only authorised users with approved access can view or amend the details for facilitators in ClinConnect. This includes users from both NSW Health and Educational Institutions. All users of ClinConnect are bound by the relevant confidentiality agreement appropriate to their employing institution.

4. Facilitator Mandatory Requirements

Please ensure you complete the mandatory requirements prior to commencing work as a facilitator in NSW Health facilities. These requirements are outlined in NSW Health Policy. Your compliance with these requirements will be verified by NSW Health and entered into ClinConnect. If you do not meet these requirements prior to commencing your work as a facilitator, then you will not be able to commence work in this role. Please note that you will also need to be verified again upon expiry of your National Police Check, Working with Children Check, Professional Registration and vaccinations. For further information regarding these requirements or your compliance status, please contact the Educational Institution who is employing you in this role.

Facilitator Details in ClinConnect - Consent Form

Details in ClinConnect

Please complete the details below.

First Name

Surname

Gender

Date of Birth
