

How can I support LGBTIQ+ people in my practice?

Build your confidence in delivering inclusive health care for the LGBTIQ+ communities. Designed for all staff, this training provides foundational knowledge on the needs and experiences of LGBTIQ+ people. Learn simple strategies that make a difference to LGBTIQ+ people, families, carers and their support people today.

This module will answer questions like:

- How can I provide a respectful and safe health care environment for LGBTIQ+ people?
- What do LGBTIQ+ and different terms for gender and sexuality mean?
- Why is inclusion important?

Inclusivity: It starts with us.
